

# Framework Supply Agreement

Agreement FSA-2026-118 | Effective 01 September 2026

|               |                        |
|---------------|------------------------|
| CUSTOMER      | Northstar Pharmacy SE  |
| SUPPLIER      | MediSupply Europe GmbH |
| TERM          | 24 months              |
| GOVERNING LAW | Germany                |

## 1. Appointment and scope

The Customer appoints the Supplier to supply medicinal products, medical devices and cold-chain products listed in approved purchase orders. The Supplier accepts the appointment subject to this Agreement and the quality schedule.

## 2. Order and delivery controls

| Service               | Commitment                                    | Record                     |
|-----------------------|-----------------------------------------------|----------------------------|
| Order acknowledgement | Within four business hours                    | Electronic acknowledgement |
| Standard dispatch     | Same day before 13:00 CET                     | Dispatch event             |
| Cold-chain delivery   | 2 C to 8 C unless product specifies otherwise | Logger and delivery note   |
| Exception notice      | Within two hours of confirmed deviation       | Deviation record           |

## 3. Documentation

The Supplier will maintain licences, GDP evidence, insurance, training records, lane qualifications, traceability records and recall contacts throughout the term.

CONDITION PRECEDENT

Cold-chain supply may begin only after the Customer approves current GDP evidence and the supplier qualification decision is recorded.

# Commercial and quality terms

Schedule A

## 4. Quality events

| Event                   | Initial notice      | Written report         |
|-------------------------|---------------------|------------------------|
| Temperature excursion   | 2 hours             | 2 business days        |
| Suspected falsification | Immediate           | 24 hours               |
| Recall or field action  | 2 hours             | Daily until closed     |
| Personal-data incident  | Without undue delay | No later than 72 hours |

## 5. Audit and records

The Customer may audit relevant facilities, systems and records on reasonable notice. For-cause audits may be initiated without the standard notice period. Records supporting product traceability are retained for the longer of ten years or the applicable product requirement.

## 6. Insurance

The Supplier will maintain product liability insurance at the minimum required by the Customer's then-current supplier policy and provide evidence on request.

## 7. Change notification

The Supplier will notify changes to legal identity, ownership, critical sub-contractors, licensed activities, certified scope or distribution sites before implementation where practicable.

# Execution

Schedule B | Contacts and signatures

|                     |                                                |
|---------------------|------------------------------------------------|
| CUSTOMER QUALITY    | Lea Stein   supplier.quality@northstar.example |
| SUPPLIER QUALITY    | Elena Hoffmann   quality@medisupply.example    |
| 24/7 DEVIATION LINE | +49 211 555 0199                               |
| CUSTOMER SIGNATURE  | /s/ Lea Stein - 18 August 2026                 |
| SUPPLIER SIGNATURE  | /s/ Elena Hoffmann - 18 August 2026            |

## Entire agreement

This Agreement, its schedules, approved change orders and the Data Processing Agreement constitute the agreement for the stated scope. If quality requirements conflict with a purchase order, the stricter patient-safety control applies.

REVIEW NOTE

The contract party is written as MediSupply Europe GmbH. The submitted commercial register extract names MediSupply GmbH; reviewers should request identity reconciliation rather than silently merging the entities.
