

Jurisdiction Escalation Control

Synthetic policy fixture · Version 1.0 · effective 01 January 2026

1. Forum escalation

A commercial agreement must be escalated when it is subject to courts outside Germany.

An agreement is treated as domestic only when Germany is the country whose courts decide a dispute.

Contract operations records the escalation reason in the review file.

2. Scope

This control covers every agreement prepared for signature by the commercial review team.
